## What Do You Want to Take Away from this Course?

We are committed to tailoring our content to the needs of those taking the course. Depending on the interest of participants we can adjust how much attention we devote to topics such as building private ventures, public services and programs, and innovation and thought leadership in policy settings such as local organizations and workplaces.

Please place checkmarks in the grid below to indicate which topic areas you would most like us to focus on. We cannot promise to cover every topic participants suggest, but the aggregate responses of all participants will be used to develop a curriculum that addresses the majority of the group's interests.

	<b>Private (product/service)</b>	<b>Public (service/program)</b>	<b>Policy (local, workplace)</b>
<b>Health Services</b>			
<b>Community Health</b>			
<b>Education</b>			
<b>Research</b>			
<b>Leadership/Administration</b>			
<b>Other (please specify):</b>			

## Address a Challenge/Issue *[Optional Section]*

Are you or your organization facing a challenge or issue that you would like to workshop during the course to help develop solutions? If so please describe your challenge below, and how you think it might be addressed. We will use this information to help plan course content.

**What is a challenge or problem you or your organization is facing?**

**What skills or knowledge would you benefit from in addressing this challenge?**
